**Namaskar,**

My name is \_\_\_\_\_.  
The \_\_\_\_\_ medical college/  
hospital / institute has been implementing the Model Injection Centres (MIC) Program in  
the district for the past one year. I would like to discuss a few issues which will help us  
to improve this program further. I would appreciate if you could spare your valuable  
time for the discussion. Your responses will be treated as confidential.

**Interview  
Commencement time:** \_\_\_\_\_

**Concluding time:** \_\_\_\_\_

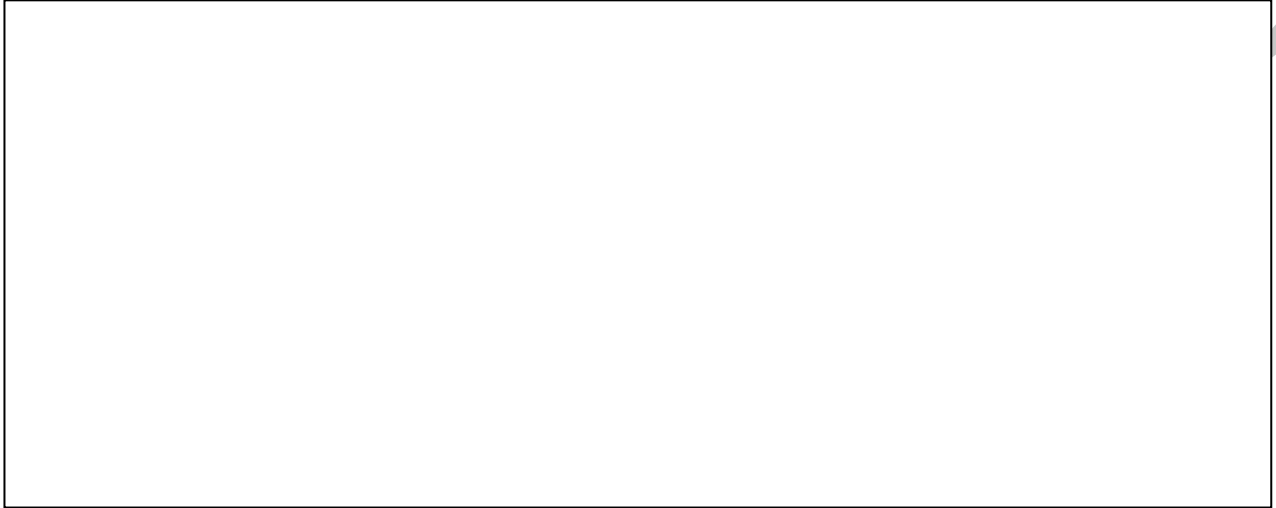

1. **Since when** have you been working as **DCMO/ DHO** in this district?

2. How is **quality of blood** ensured in the **Blood Banks** of your district?

3. How big is the **problem** of HBV, **HIV-AIDS** in the district?

4. As you are aware there is a link between **unsafe injections** and **spread of HVB** and **HIV-AIDS** infections. In your opinion what are the factors that make injections unsafe?

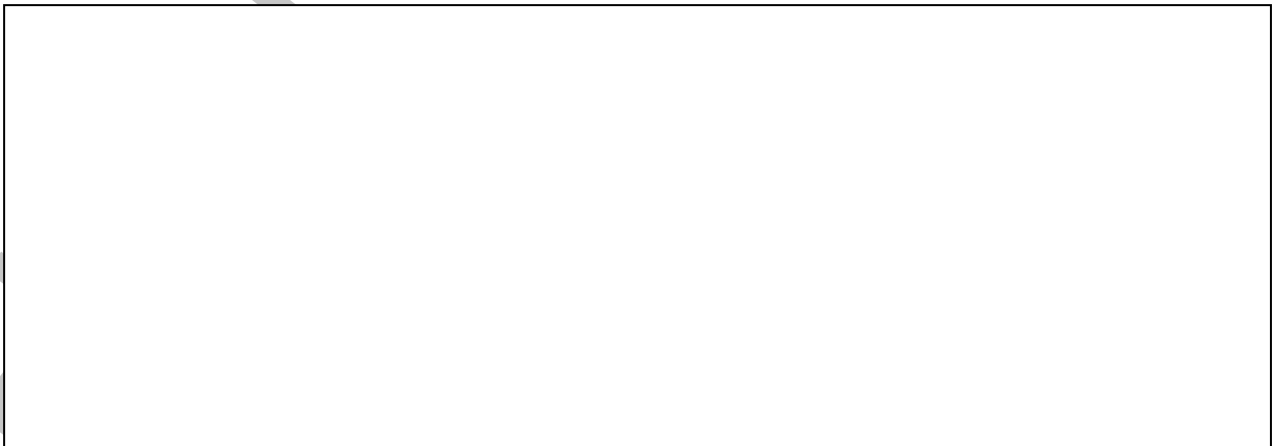

5. In your opinion how **AD syringe** use in UIP program will improve **safety of injection**?

6. What else is being done in your district to make **injections safe** for the patients?

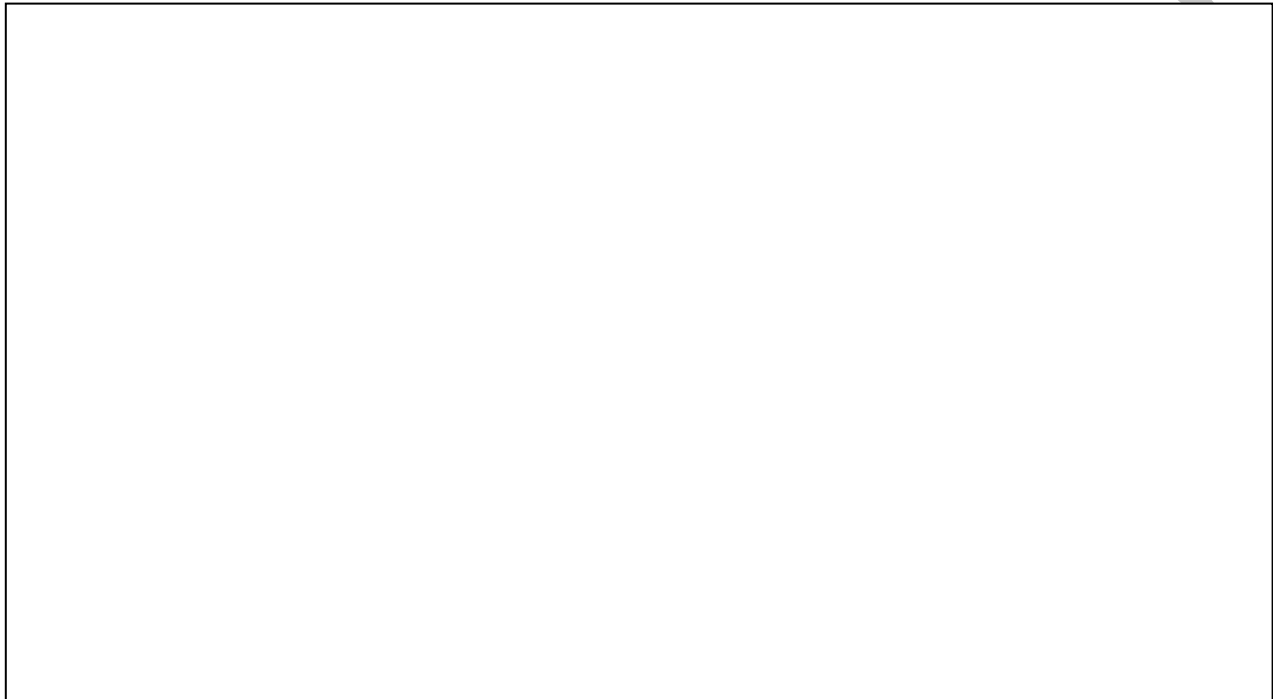

7. What is being done in your district (rural and urban areas) to handle **biomedical waste**?

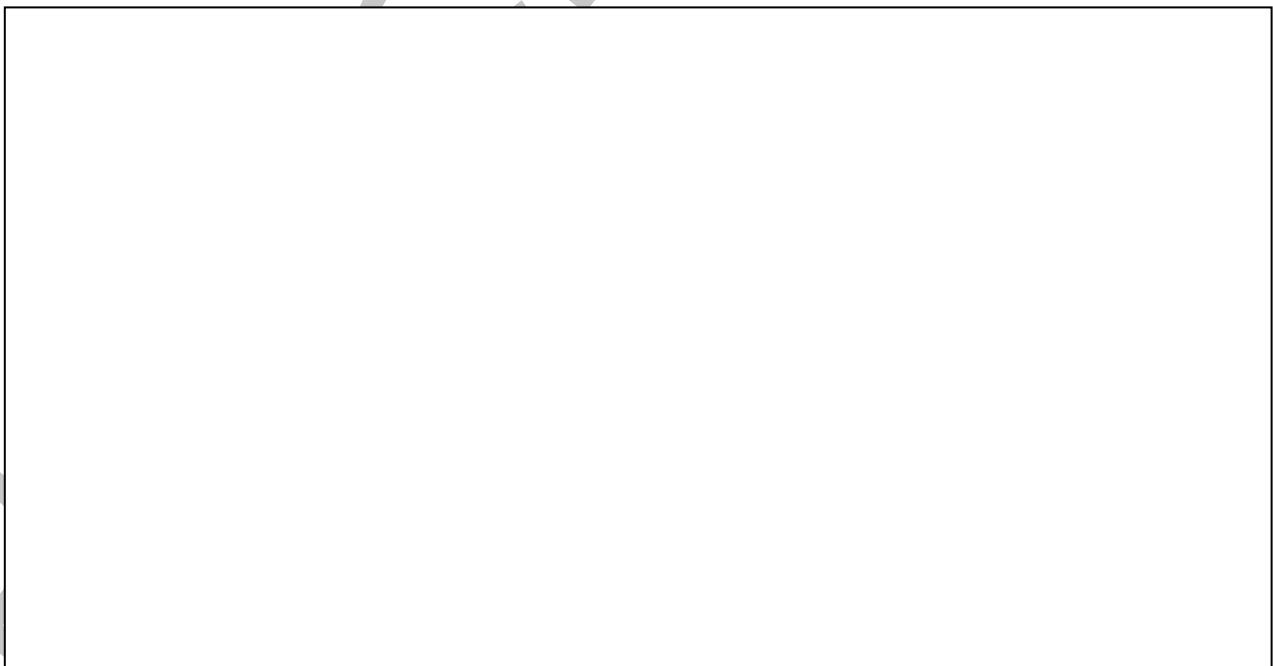

**A Model Injection Centres Program** is being run in ..... (Medical College / Hospital / Institute) with an objective of improving injection safety.

8. How can a **program** run from the Medical College / Hospital be able to effectively improve **injection safety** in the **district**?

9. A **large proportion** of **patients** are being **treated by** the **private sector**. How can we **effectively involve private practitioners** in this program?

10. Your **suggestions for involving** the **public** and **private sectors** in expanding the MIC program for improving injection practices in the district?

**Signature of the Visiting PI:**

**Date:**
